

1980 Republican Party Platform on Cuba

The Republicans deplore the dangerous and incomprehensible Carter Administration policy towards Cuba. The Administration has done nothing about the Soviet combat brigade stationed there or about the transfer of new Soviet offensive weapons to Cuba in the form of modern MiG aircraft and submarines. It has done nothing about the Soviet pilots flying air defense missions in Cuba or about the extensive improvements to Soviet military bases, in particular the submarine facilities at Cienfuegos and the expanded Soviet intelligence facilities near Havana.
